Summary

Security researcher and penetration tester focused on web, API and LLM security. Recognized by 425+ organizations, including WHO, Boeing, BBC, UNESCO and the Australian Government, with 250+ Halls of Fame, 45 programs where I was the first researcher and CVE-2025-56697. Founder of ScriptJacker LLP and bug bounty mentor at Unihackers.

Experience

Founder and Lead Pentester, ScriptJacker LLP 2023 to present

- Run deep, manual penetration tests across web applications, APIs, Android apps and networks for clients worldwide.
- 150+ clients served and 2,500+ vulnerabilities reported and resolved.
- Built project, retainer and subscription engagement models; publish research on blogs.scriptjacker.in and Medium.

Mentor, Bug Bounty and Web Security, Unihackers Jun 2025 to present

- Mentor students and beginners in bug bounty hunting and web application security, turning complex concepts into practical modules.
- Use real bug bounty cases from my own reports to make learning scenario driven and beginner friendly.

Penetration Tester Intern, Forensic Academy Aug 2023 to Sep 2023

- Trained on Burp Suite, Wireshark, Cisco Packet Tracer, Linux CLI utilities and malware analysis tools.
- Designed and configured an enterprise network, then pentested a live web application and delivered a detailed report. Completed with grade A+.

Achievements

- 250+ Halls of Fame** (Nov 2023 to present) for reporting vulnerabilities to organizations including the Australian Government, City of Berlin, WHO, BBC, UNESCO, Boeing, Michelin, BASF, MediaTek, Deutsche Börse, GEA Group, Cambridge University Press, Charles University, University of Sheffield, Visma, Zepto, Whatfix, Airmeet, CoinSwitch and Buy Me a Coffee.
- 425+ organizations secured**, with reports acknowledged by Pirelli, the Swedish Police Authority, Proton, Twingate, BMC Software, Nykaa, EISCAT, ClearTax and many more.
- First researcher** in 45 Halls of Fame, including City of Berlin, Commerzbank, University of St Andrews and BankAxept.
- CVE-2025-56697**: stored cross-site scripting in Kashipara Computer Based Test v1.0.
- Certificates of appreciation** from Avans University of Applied Sciences, Maastricht University, Windesheim, CTW Inc, Clear Health BV, Nykaa and Neoshare.
- 1st place in CTF competitions** as team leader of ScriptJackers: Encrypted CTF 2025, RCS 2026, Rootbreach NIT Jalandhar 2026, Cyberthon, Xploit404, and the CompTIA and Quick Heal CTF.

Certifications

- | | |
|---|--|
| eWPTX v3 , Web Application Penetration Tester eXtreme, INE Security Dec 2025 | ACP , APIsec Certified Practitioner, APIsec University Mar 2026 |
| eJPT v2 , eLearnSecurity Junior Penetration Tester, INE Security Jan 2026 | EHE , Ethical Hacking Essentials, EC-Council Feb 2022 |
| CEH v13 , Certified Ethical Hacker, EC-Council Dec 2025 | |

Skills

- Security:** web application and API pentesting, mobile and network pentesting, red teaming, OWASP Top 10, reconnaissance, OSINT, Google dorking, LLM and cloud security
- Tools:** Burp Suite, Postman, Kali Linux, Wireshark, Apache, Nginx, REST APIs, GraphQL, Cisco Packet Tracer
- Languages:** Bash, Python, PHP, JavaScript, SQL, C and C++, Ruby, HTML, CSS
- Soft skills:** leadership, teamwork, communication, research, problem solving, time management

Project

- ScriptJacker Recon Tool**, Python, Ruby, Bash (github.com/scriptjacker/scriptjacker) May 2024
- Methodology driven automation for the information gathering phase: runs a complete reconnaissance workflow covering subdomain enumeration, directory busting, DNS recon, JS analysis and vulnerability scanning instead of isolated commands.

Education

- | | |
|--|----------------------|
| Bachelor of Computer Applications, Cybersecurity , Lovely Professional University, Phagwara. CGPA 9.6 | Aug 2025 to present |
| Senior Secondary, Commerce , Vishvas Senior Secondary School, Hisar. 86% | Apr 2023 to Mar 2025 |
| Matriculation , St. Mary's School, Hisar. 84% | Mar 2023 |
