Summary

Security researcher and penetration tester specializing in web, API, Android, LLM and cloud security. Recognized by 450+ organizations, including WHO, UNESCO, the European Union, Nokia, Boeing and the BBC. Credited on 250+ Halls of Fame and the first researcher on 45 of them, with 4+ CVEs, AIR 21 at HackWithIndia 2026 and 7+ CTF wins. Open to security roles and pentest work.

Experience

Security Researcher, Independent, through vulnerability disclosure and bug bounty programs Nov 2023 to present

- Reported vulnerabilities to 450+ organizations; credited on 250+ Halls of Fame and the first researcher on 45, including City of Berlin, Commerzbank, BankAxept, Port of Tallinn and the University of St Andrews.
- Focus on broken access control, business logic, authentication and API flaws: IDOR exposing 85,000+ emails, mass assignment to account takeover, self XSS chained to stored XSS and mass account takeover.
- Recon at scale: exposed Apache Guacamole found through dorking led to shell access on a Nokia subdomain (Nokia Hall of Fame, June 2026).
- 4+ CVEs, starting with CVE-2025-56697. Writeups on Medium, Unihackers and blogs.scriptjacker.in.

Mentor, Bug Bounty and Web Security, Unihackers Jun 2025 to present

- Mentor students and new hunters using real cases from my own reports; author of guides on API security testing, request manipulation and prompt injection.

Founder and Lead Pentester, ScriptJacker LLP 2023 to present

- Manual security assessments of web applications, APIs, Android apps and networks for 150+ clients, with 2,500+ vulnerabilities reported and resolved.

Penetration Tester Intern, Forensic Academy Aug 2023 to Sep 2023

- Burp Suite, Wireshark, Cisco Packet Tracer and malware analysis tools. Built and tested an enterprise network and a live web application, then delivered the report. Grade A+.

Achievements

- Halls of Fame** at WHO, UNESCO, CERT-EU, Nokia, Boeing, Thales, Red Hat, TP-Link, BBC, BASF, Michelin, MediaTek, Deutsche Börse, the Australian Government, Drexel University, Cambridge University Press and more; 107 are public pages linked on my portfolio.
- Letters and certificates of appreciation** from Drexel University (CISO), GeeksforGeeks, TP-Link, Thales, Maastricht University, Avans, Windesheim, CTW Inc, Clear Health BV, Nykaa and Neoshare.
- Competitions:** AIR 21, HackWithIndia 2026 Web Hacking Competition. 1st place as team lead of ScriptJackers at Root Breach CTF (UTKANSH '26, NIT Jalandhar, Mar 2026), Encrypted CTF (Nov 2025), RCS CTF, Cyberthon, Xploit404, and the CompTIA and Quick Heal CTF.

Certifications

- | | |
|---|--|
| eWPTX v3 , Web Application Penetration Tester eXtreme, INE Security Dec 2025 | ACP , APIsec Certified Practitioner, APIsec University Mar 2026 |
| eJPT v2 , eLearnSecurity Junior Penetration Tester, INE Security Jan 2026 | EHE , Ethical Hacking Essentials, EC-Council Feb 2022 |
| CEH v13 , Certified Ethical Hacker, EC-Council Dec 2025 | |

Skills

Security: web application, API (REST, GraphQL), Android, LLM and cloud security testing; access control, business logic and authentication flaws; reconnaissance, OSINT and dorking; OWASP Top 10 and API Top 10
Tools: Burp Suite, Postman, Kali Linux, Wireshark, Apache, Nginx, REST APIs, GraphQL, Cisco Packet Tracer
Languages: Bash, Python, PHP, JavaScript, SQL, C and C++, Ruby, HTML, CSS

Project

ScriptJacker Recon Tool, Python, Ruby, Bash (github.com/scriptjacker/scriptjacker) May 2024
Full recon workflow in one run: subdomain enumeration, directory busting, DNS recon, JS analysis and vulnerability scanning.

Education

- | | |
|--|----------------------|
| Bachelor of Computer Applications, Cybersecurity , Lovely Professional University, Phagwara. CGPA 9.6 | Aug 2025 to present |
| Senior Secondary, Commerce , Vishvas Senior Secondary School, Hisar. 86% | Apr 2023 to Mar 2025 |
| Matriculation , St. Mary's School, Hisar. 84% | Mar 2023 |
